Dawn and Kevin, high school sweethearts, born and raised in Saint Petersburg. They met through mutual friends. Kevin's best friend started dating Dawn's best friend and they initially met at a graduation party. Dawn attend NE High and Kevin St. Pete High, rival high schools. Now married 21 years and haven't looked back.

Kevin is a general surgeon as a partner at Bay Surgical Specialists, practicing primarily in St. Anthony's Hospital here in St. Petersburg. Kevin's specialty is minimally invasive and advanced laparoscopic surgery, which is surgery through little incisions. Kevin completed his medical training at USF, with a residency at the Mayo Clinic, with a fellowship in advanced minimally invasive surgery at Mayo. Once his education was complete, they moved back to St. Petersburg, FL, in 2007 and into PYCC. They are in their second home in PYCC and wouldn't consider another neighborhood; they love it here!

Dawn is a registered nurse and gained her Bachelor of Nursing degree at USF. Her experience is in the neo-natal ICU. Now she raises her twin children and volunteers in the neo-natal ICU.

Now that their children are growing up, they are looking into hobbies they can do on their own. They

just joined the Pasadena Country Club and plan to learn how to golf. And they love wine! They have a cellar in their home and plan to enjoy many wine tastings in the near future.

They take an “adult” trip, without the kids, once or twice a year, normally in Vegas. But moving forward they have their sights set on Napa and Sonoma.

Their children, Kenzie and Tyler, are twins and are in the 10th grade at Shorecrest. Tyler has been involved in club soccer since he was 4 years old and also plays soccer and track at Shorecrest. Kenzie was involved in gymnastics for many years and track at Shorecrest for a couple years, but decided to stop and focus on her grades as she plans to follow in her parents’ footsteps and be in the medical industry.

When spending free time with their children, they love boating, fishing and weight training. They like to fish offshore, or spend a day at Egmont Key, and love just going out on the boat with a bottle of wine to watch the sunset.

The Huguet’s love to vacation! So much so they try to take a week every quarter. Family vacations are very high on their priority list as they feel this is the best way to get the family together and off of their devices, creating real quality time as a family. Knowing their children are growing so fast, they realize they only have three more summers to take advantage of! They have been going to Disney, as a family, for years. Hawaii is their favorite, they also love the Bahamas, planning a trip to Mexico soon, and Panama. They have a European cruise planned for this summer.

The Huguet family also have dinner together every night with no TV, no phones or other distractions to connect as a family once/day. Both Dawn’s and Kevin’s families reside here in St. Pete so they always spend the holidays together. They plan on a family medical missions’ trip sometime in the future once Kevin can step away from his practice for a bit.

They love living in PYCC. They love that it’s a hidden gem. Not too crowded, great neighbors, it’s safe, they love to hop on their bikes or the golf cart and head over to Gulfport for dinner.

Look for Dawn and Kevin in their backyard, drinking wine and listening to jazz to decompress after a long work week.
